**HARRY DOBSON APPOINTED TO BOARD OF DIRECTORS**

Vancouver, B.C.: Brazauro Resources Ltd. is pleased to announce that D. Harry W. Dobson has been appointed to the board of directors of the Company. Mr. Dobson, a resident of Monaco has been successfully engaged as an executive in the mining business for more than 20 years. He currently is the Chairman of Kirkland Lake Gold Inc. with five operating gold properties in Ontario and a director of Mountain Province Diamonds Inc. He was a founder of American Pacific Mining Inc. which operated the El Mochito Zinc-copper mine in Honduras.

Mark Jones III, Chairman of Brazauro stated "We are indeed fortunate that Harry has agreed to join Brazauro. His experience in the development and financing of mineral properties will be of great benefit to Brazauro as we proceed to explore and develop our extensive gold properties in Brazil. He will also assist us in introducing Brazauro to the mining finance communities in the UK and Europe."

Brazauro has extensive mineral holdings in the Tapajós region of Para State in Brazil including the TZ Project on which Brazauro is currently conducting a diamond drill program with a view to establishing the size of Brazauro's initial discovery. The TZ Project lies along a major WNW-ESE mineralized trend in the Tapajós that hosts several former major alluvial/eluvial producers, including Brazauro's Mamoal project, as well as, São Jorge, Cuiú Cuiú, Bom Jardim, and Serabi Mining's Palito mine, all of which host extensive primary gold mineralization
